ITSecurManage

Complete network infrastructure management

Overview

Today's CIOs are under increasing pressure to ensure their network infrastructure runs smoothly and efficiently and aligns with corporate goals and objectives—all while meeting security requirements and compliance standards. But the ability to bring together and manage the essential components of the IT infrastructure—the tangible and intangible—requires deep expert knowledge and a continuous eye on each element that comprises the infrastructure.

Focus Technology IT SecurManage will handle it all for you. Delivering compliance-ready, complete network infrastructure consumed as a service, IT SecurManage is a cloud-managed service that offers secure infrastructure management to support your entire range of networking needs.

Only SecurManage Offers

- **A cloud-managed service in a subscription-based model**
  - Featuring hardware, software, firewall, ethernet LAN Switching and WiFi delivered as a service, IT SecurManage offers complete cloud-based network infrastructure management, offering elasticity that allows you to scale up or down as your business requires.
- **End-to-end security**
  - We manage all aspects of your network security, so you don't have to. Powered by Fortinet Technologies and the most intelligent and powerful next-generation firewall, IT SecurManage offers comprehensive end-to-end network security with the latest security updates to prevent emerging threats.
- **Compliance management**
  - IT SecurManage is compliance-ready with reporting capabilities that deliver network visibility and compliance status of individual networks. With the ability to produce auditable credentials, IT SecurManage can help you achieve compliance with dozens of regulatory bodies, including HIPPA, GDPR, NIST, CMMC and much more.
- **An elite team of experts**
  - IT SecurManage boasts a community of Fortinet NSE-certified, Cisco, AWS-certified and compliance-trained engineers with mastery of complex network security concepts, best practices and technology management.
